

Pushpay/ParishStaq Update

Our Early Adopter waves have commenced!

As of today, Implementation Waves 2 & 3 are beginning their first *in wave* meetings with their ParishStaq coaches and their Archdiocesan Implementation Team leader.

Prior to their wave commencement, each location met with Jennifer Wong or Bryan Gummersall to review their current data cleaning status and to get a preview of the anatomy of a wave. In addition, each site was invited to a *meet and greet* with their ParishStaq coach. We welcome these 19 locations, representing 14 Pastoral units.

These locations join our 3 pilot locations: **Holy Family (Kirkland)**, **Sacred Heart (Battleground)**, and **St. Joseph the Worker (Yacolt)**. The pilot locations have been valuable partners with the Archdiocesan representatives and Debbie Gonzalez (*at large* PAA) in the early stages of implementation in landing some global configuration decisions. The Steering Committee met in mid-September and approved all the recommendations from the pilot group. In addition to working on these global configuration decisions, the pilot participants are now 'live' in their databases. They have been learning about and setting up groups, serving teams, and process queues. They have now entered into Phase II of their migration wave.

We are excited to have these 22 parishes/missions and the Archdiocese implementations underway. We will be reaching out to the next group of sites that are part of the January 2023 wave to begin the same process that our Early Adopters group just completed.

Monthly Open Check-In Opportunity:

We meet online on the second Wednesday of the month. See the [Training Page](#) on the Learning & Implementation site.

Waves 4 & 5

Join us for a pre-wave
informational Zoom meeting

Waves 4 & 5 we are less than two months out from your wave launch date! If your parish is in waves 4 or 5, your parish contact will receive an email from your Implementation Team lead.

October 26, 2022 via Zoom at 10 am

Parishioner Engagement System Awareness Survey

Your Implementation Team's goal is to support parishes thoughtfully and appropriately throughout the implementation process.

To help us accomplish this, we request that you complete a brief survey. Your results will be anonymous. We are only collecting general demographic information to understand best where to direct our communication and training.

This survey can be found at [this link](#) or scan the QR code below:
