

**Happy New Year!**  
**We made it out to the other side and wanted to keep you apprised of our progress in ParishStaq!**

### *Our Catholic Community Custom App - Update*

Congratulations to the 50 parishes that have a custom app presence on our new 'Our Catholic Community' custom app.

For those still in implementation, please communicate with your coach as you are ready to begin logging in to the new App Design Studio.

For those that are out of implementation and want to begin working on their app, please reach out to our Customer Support contact:

Matt Feria | [Matt.Feria@PushPay.com](mailto:Matt.Feria@PushPay.com)  
(covering for Edgar, while Edgar is on Paternity Leave).

### *A Very Big Thank You*

Our implementation team is incredibly thankful for all the wonderful pastors, staff members, and trusted volunteers who have worked so hard on implementing ParishStaq in 2023.

As we load our final three locations in early 2024, we will celebrate bringing 450,000+ Western Washington Catholics onto the new platform. This is due to your incredible hard work and, most importantly, your patience as we navigate this change.

### *Stewardship of Talent & Treasure Campaigns on ParishStaq - Update*

Thank you to those parishes that used ParishStaq for their 2024 Stewardship Campaigns. The implementation team provided "Thank You" merge-ready data files weekly during the campaign, with between 80 and 90 parishes taking part.

A final "Thank You" export (or two) will be done in the early part of January as parishes wrap-up their campaigns.

### *ParishStaq Giving Statements - Update*

Our implementation team has been working closely with the ParishStaq engineering team on the final testing of the 2023 Giving Statements.

As of this writing (12/20/23), the final testing is taking place before turning over the functionality to the parishes. By the time you are reading this, the new navigation menu item will be available on the left side the navigation pane. **Giving statement 'office hours' will be in January, starting January 9 @ 1:00 PM. Join Zoom link [here](#).**

**Next monthly support meeting is on January 11, 2024 at 10:00 AM. Join Zoom [link here](#).**
