

# ParishStaq™ for Parish Ministry

The Christmas season is a perfect time to welcome visitors and guests to your parish

Having a QR Code for your bulletin or pew card may create new pending profiles that can:

- Be added to a process queue to create further engagement in parish groups or events
- Enable the parish to reach out and send a thank you or Seasonal Blessings
- Provide opportunities for pastoral outreach by welcoming back Catholics who are “coming home” for the holidays

Link to more information about QR codes [here](#). Please contact [ParishStaq.Support@seattlearch.org](mailto:ParishStaq.Support@seattlearch.org) to have a QR code created for your parish by our team.
