One part of parish life that occurs every year is the Ministry Fair. It's an opportunity for a parish to seek out, re-enlist, and expand the programs and ministries that are part of its mission and outreach.

ParishStaq ChMS offers a unique opportunity for parishioners to share something about themselves as they seek to engage and be engaged in parish life. As we move through the implementation of both ParishStaq and Partners in the Gospel we can start to tap into all the talents and gifts the people of God have been given.

ChMS's People | Profile | Actions | My Fit has choices of Spiritual Gifts, Passions, Abilities, and Personality Style. Highlighted here are the Spiritual Gifts and Abilities main subjects (there are many more abilities listed within the grouping).

Parishioners can provide to parish and group leaders those talents, passions, and gifts they have that can be entwined with the group's/ministry's/event's mission and purpose for deeper connection, commitment, and a better "Fit". Groups can be populated and searched for based on these "My Fit" attributes. Give it a try next time you're in ParishStaq!
